MEMORANDUM

TO: Power Committee

FROM: Tom Eckman, Charles Grist

SUBJECT: Update on Draft 6th Plan Conservation Targets

Staff has been working with the Conservation Resource Advisory Committee (CRAC) on several conservation issues in the past month since the Whitefish meeting. This agenda item is intended to update the Power Committee on progress and results of discussions with CRAC.

In the time between the publication of the packet and the Council Meeting, there will be a CRAC meeting. Staff will update members on this meeting, and provide additional material if necessary.

A more detailed memo can be found in the Council packet, along with a presentation, a memo from staff to CRAC summarizing and responding to the main issues, and a revised conservation action plan.

Attachments - see Council packet.
