## **MEMORANDUM**

**TO:** Council Members

**FROM:** Terry Morlan

**SUBJECT:** Preliminary Summary of Comments to Date and Proposed Responses

Staff will describe the major comments we have received to date on the draft Sixth Power Plan, and discuss with the Council our proposed responses. Staff will add information on additional comments that we receive by the November 6 comment close. A paper is attached to this memorandum that describes the comments we have received to date and proposed responses for discussion with the Council.

Our intent is to give the Council a good preliminary understanding of the nature of the comments and the changes that are anticipated for the plan. It should be clear to the Council that additional comments will be received before the end of the comment period. We will want Council guidance on these proposed changes.

The Power Committee packet includes a discussion by chapter and appendix of the anticipated changes based on staff analysis and response to comments that we have received to date.
