MEMORANDUM

TO: Council Members

FROM: Lynn Palensky

SUBJECT: Update on Category reviews for Resident Fish/blocked areas, Data Management, and Program Coordination Projects

The launch of the Category Reviews for Resident Fish/blocked areas, Data Management, and Program Coordination review began on September 1. Find all information related to this review at www.nwcouncil.org/fw/budget/2013. Since September 1, Council and Bonneville staff have led three proposal form training workshops for project proponents, and the ISRP and staff completed the two sets of resident fish project site visits -- in the Intermountain Province and Southern Idaho and Eastern OR. At the meeting, staff will provide an update on the progress of the review and present a short slide show from our site tours.
