MEMORANDUM

TO: Committee Members

FROM: Fish and Wildlife Staff

SUBJECT: RM&E/Artificial Production Category Review: Discussion of remaining projects (the "B-List") and related programmatic issues

The Fish and Wildlife Committee will have had a special meeting to consider the "A-List" set of projects for funding recommendation on April 5th. Pending the outcome of that meeting, the committee and staff will discuss the programmatic issues associated with the "B-List" projects how each issue is progressing to resolution over the next few months.

In between April 5th, and the April Council meeting in Wenatchee, staff may have updated materials to send by email in advance of the committee meeting.
